Email address

Describe the conservation practices and environmental features of the farm, and tell us why operating an environmentally sustainable farm is important. Practices to be considered include heavy use pads; VEBs; pollinator-friendly features; grass buffers near fans; solar energy; mortality freezers or other excellent composting practices; weed control; well-maintained roads; proper drainage; and overall cleanliness. You may attach additional pages as needed.

Nominator's name, phone number, and email address (if other than the nominee):

Submit by April 25, 2022 to:

James Fisher

Delmarva Chicken Association

16686 County Seat Highway

Georgetown, DE 19947
